MIDDLE SECTION x4

SUITABLE FOR A SUSTAINED PRESENCE

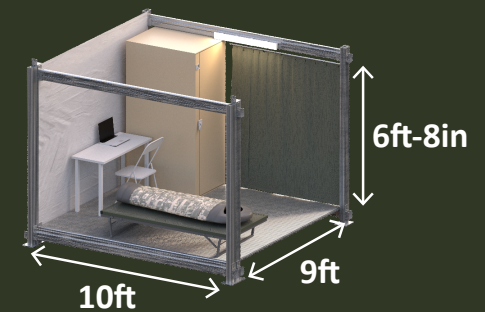

40ft (W) x 60ft (L) x 20ft (H)

The **BIGBERTHER®** solution is designed to provide a deployable accommodation solution to give each flexible compartment (2 high) a minimum of **90 sqft** of configurable space to serve a variety of functions, whether primarily sleeping accommodation, or a combination of live/work and leisure.

The **BIGBERTHER®** contains 40 compartments of **90sqft** across 2 levels, with a footprint of only 40ft x 60ft.

Compared with traditional dome style tents, this offers anything up to a **4 fold increase** in capacity, with a much lower cost of environmental control per berth.

Each Berth comes with a curtain with a privacy sliding bolt on the inside of each compartment, to deter unwanted entry.
